Indochinatelecom co,ltd.

Gigabit Passive Optical Network - GPON

- Data Rate: 1.25/ 2.5 Gbps.
- Wavelengths (λ): 1490nm continuous mode, 1310nm burst mode receiver.
- Various selectable distance, up to 20km.
- Connector type: SC (Simplex).
- Digital Diagnostic Monitoring (DDM) for optical monitoring capability compliant with SFF-8472.
- Eye-safety design to meet laser class 1 compliant with IEC60825-1.
- Compliant with IEEE802.3ah.
- Compatible to major equipment vendors.
